

Dear Police Wine Club member,

No doubt you're already aware that all upcoming wine club events have been postponed owing to the restrictions associated with the COVID-19 pandemic

We'll inform you accordingly as soon as the Police Club and the wine club resume normal operations.

The good news is that the term of your wine club membership will be extended in line with the pandemic restriction period.

All the stakeholders involved in our events have been heavily impacted by the current circumstances, but we are working closely with them to ensure the events, tastings & functions are ready to resume as soon as possible after the restrictions are lifted!

In the interim, your support of the Police Club is hugely appreciated and critical to ensure its survival. You might already know that we are offering takeaway coffee, breakfast, lunch, pre-prepared frozen meals from the Precinct Café shopfront window, as well as takeaway beer and wine to members like yourself.

You can find more information about these offers on our [website](#) and [Facebook](#) page.

Thank you for your ongoing support.
